

# Rittal – The System.

## Faster – better – everywhere.

This manual is corresponding to the previous model of TX CableNet but also fits for:

7888.616	7888.618	7888.626	7888.628
7888.818	7888.808	7888.828	7888.838
7888.821	7888.831	7888.898	-

Everything within this manual can be taken over with an exception for the following changes:

### Page 38

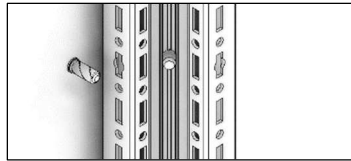

#### 3.1

1 roof plate.

- For W=600mm, roof plate removable, with 2 covered cut outs for fan mounting plates, positioned across width.

- For W=800mm, two covered long cut outs on left and right side with mounting plate, and central large covered cut-out for fan mounting plate, to dimensions for 6 fan module.

2 one piece, screw fixed side panels with studding suited for mounted internal latch 7824.510

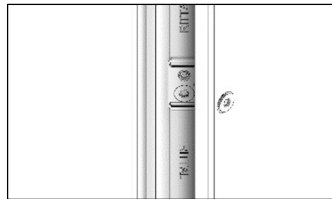

### Page 39

1x Key instead of 2x

### Page 44

The side walls are screwed in place instead of lockable with a key

### Page 65&66

New roof as per changes for Page 38

### Page 70

#### 6.3.1

- Front doors
- Rear doors
- Side panels (where present)
- Roof plates
- Removable roof stays

### Page 71

No extra earthing for the roof with the new design

### Page 72

Supply includes

Earth straps are no longer meant for the roof, but for the side panels instead
